

What has been going on at St Peter's?

Learn

The Learn Team have continued reading with the younger children in Year 1, both the team members and the children taking part have found this to be really enjoyable and have learnt lots of new skills.

Sparkle

The Sparkle Team have been creating an assembly all about how to create more of an eco friendly environment. This will teach us all about the importance of taking care of our planet and why it is wrong to litter.

Shine

The Shine Team meet up every Monday and each year group create a prayer that they share during assemblies. They have also been creating their own assembly about courage. The assembly is about Israelites and the philistines war.

Whole school

The school have been trying to make the school streets safer by blocking off the roads so cars can not get passed. By doing this parents have been asked to park on Tesco car park and walk their child to school. We hope that this will make the air cleaner to help us move towards our eco friendly targets as a school, and this will make our streets safer for our younger children.

Alongside other schools and their pupil leader teams a fun run was organised at Queens Park to raise money for Bolton Hospice. We are really proud how much money was raised and given to this fantastic organisation.

Events in school

We have had many events in school and they have all been enjoyable. We had a blind footballer who inspired us to keep going and follow our dreams even if you come across obstacles on the way. We also had a very talented singer called Jacob Reddy who sang some of his songs for us. We also got to listen to and sing his new song that is not out yet (He has now gone on to play at Glastonbury this year). We had the Rappa Man and he preformed his poems for us. Year 6 also got to create a poem of their own which a few of them read out loud.

All these events have been amazing and taught us the importance of resilience and perseverance.
