Holidays in term time

Holidays must not be taken during term time as this has an extremely detrimental effect on your child's education.

The long term cost to your child's education of going on holiday in term time, far outweighs the short term gain of the holiday at the time. The £60 fixed penalty notice is the least of the costs; it is the impact on your child's future educational success that presents the greatest cost. Children miss vital learning that cannot be repeated. It is widely acknowledged that mental health and personal well-being flourish when children have good routines and engage with their learning. Holidays in term time are disruptive on both counts. **I urge you to prioritise the long term benefits of regular school attendance, over the short term impact of a holiday in term time.**

The holiday list for 24/25 is now also available on our website.
